Honored Sir.

Your postal of Nov. 16th inquiring about the printing of your article for the Kohler Memorial Volume, has just reached me. The work is to be printed by the well-known firm, George Reimer. The articles are to appear in alphabetical order of authors, and are now being set up in that manner. Proofs of the first few articles have already been sent out, and I am quite confident that yours will reach you very soon, if you have not received it already. You are of course at perfect liberty to make whatever changes you may deem necessary. I hope sincerely that you will find the work satisfactory. With every assurance of highest esteem, I am,

Sincerely yours,

Julian Morgenstern.
